2.5 Review procedures for the RRPT

The following review and approval procedures are in place to ensure that RRPT are undertaken on an arms-length basis and on commercial terms consistent with the APB Group's usual business practices and policies, which are no more favourable to the Transacting Parties than those extended to third parties/public, and are not detrimental to APB's minority shareholders:

- (a) All companies within the Group have been informed of the definition of Related Party and the review procedures applicable to all RRPT with Related Parties;
- (b) All companies within the Group shall only enter into RRPT after taking into account the pricing, level of service, quality of product as compared to market prices and industry standards. Any RRPT entered into shall be treated and processed on normal commercial terms consistent with the Company's usual business practices and policies and will not be detrimental to the minority shareholders;
- (c) All companies within the Group are guided by a set of rules and policies with regard to new RRPT to be entered into. The main rules and policies include, among others, the following:
 - (i) Certain documentations such as quotations from several sources other than the Related Party must be obtained prior to Related Party's products and/or services are rendered to or from the Group. This is to ensure that the transactions are based on prices which are competitive in comparison with the prevailing market prices, and on rental, the tenure and renewal of rental and maintenance services provided that are similar to the commercial terms for transaction with the public, which depend on the demand and supply of the products and services;

- (ii) Where a Related Party is engaged for its services, proper documentation shall be prepared such as agreement, contract and letter of engagement to govern the services, which would be reviewed from time to time (normally within 2 years); and
 - (iii) An interested director and/or shareholder is required to abstain from negotiations and from deliberating and voting on a proposal to enter into a recurrent transaction;
- (d) A list of RRPT will be circulated to the Audit Committee for review to ensure that the transactions entered into are on arms-length basis, based on commercial terms and are not more favourable to the related party than those generally available to the public and, are not detrimental to APB's minority shareholders;
 - (e) The Audit Committee will review all aspects of the RRPTs amounting to more than RM10,000 entered into to ensure that the relevant approvals have been obtained and that the transactions are conducted at arms-length basis. Where the RRPT is below RM10,000, it will be reviewed and approved by the General Manager and Head of the respective subsidiary companies;
 - (f) The Audit Committee will also review conflict of interest situations that may arise within the APB Group as a result of the RRPT;
 - (g) Such reviews will be conducted on a quarterly basis together with the review of quarterly results, or such other frequency as the Audit Committee may consider appropriate;
 - (h) If a member of the Audit Committee has an interest in the RRPT, he will abstain from any decision making by the Audit Committee in respect of such transactions;
 - (i) The annual internal audit plan will incorporate a review of all RRPT in its corporate governance audit to ensure that the review procedures in respect of such transactions are adhered to; and
 - (j) The Audit Committee will report its review of all RRPT to the Board.

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of produces/services and/or quantities. In the event that such quotation or comparative pricing cannot be obtained, the Board and the Audit Committee will rely on their market knowledge of prevailing industry norms bearing in mind the urgency and efficiency or services to be provided or required to ensure that the RRPT is not detrimental to the APB Group.

2.6 Statement from the Audit Committee

The Audit Committee of the Company has seen and reviewed the procedures mentioned in **Section 2.5** above and is of the view that the said procedures for the RRPTs as well as the annual review to be made by the Audit Committee in relation thereto, are sufficient to ensure that the RRPTs will be made at arm's length and in accordance with the Company's normal commercial terms and are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

The Group has placed adequate procedures and process to monitor, track and identify RRPTs in a timely and orderly manner, and such procedures and processes are reviewed on a yearly basis or whenever the need arises.

3. RATIONALE AND BENEFITS OF THE PROPOSED RRPT RENEWAL

The RRPT entered or to be entered into by the APB Group are all in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and arise at any time and from time to time. These transactions may be constrained by the time-sensitive nature and confidentiality of the same may render it impractical to seek shareholders' approval on a case by case basis before entering into such related party transactions. Therefore, the Board is seeking the shareholders' mandate pursuant to Paragraph 10.09 of the Listing Requirements to allow the Group to enter into such RRPTs, details of which are set out in this Circular.

Consequently, this will eliminate the need to make regular announcements to Bursa Securities and to convene separate general meetings to seek shareholders' approval as and when the need arises. Also, it would substantially reduce administrative time, inconvenience and expenses associated with the making of such announcements and the convening of such meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the APB Group.

The APB Group has a long-standing business relationship with the Transacting Parties. The Transacting Parties are reliable suppliers of goods and services required by the APB Group for its business. The goods and services provided by the Transacting Parties are in the view of the Board and Audit Committee priced competitively and all transactions between the APB Group and the Transacting Parties are carried out on an arms-length basis.

Although the APB Group also sources from third parties, the APB Group proposes to seek shareholders' mandate as the close co-operation with the Transacting Parties is in the view of the Board expected to continue to be of benefit to the APB Group.

4. FINANCIAL EFFECTS OF THE PROPOSED RRPT RENEWAL

The Proposed RRPT Renewal will not have any financial effect on the issued and paid-up share capital, earnings and EPS, NA, substantial shareholders' shareholdings and dividend policy of the APB Group.

5. APPROVAL REQUIRED

The Proposed RRPT Renewal is conditional upon the approval of the shareholders of APB being obtained at the forthcoming AGM.

6. INTERESTS OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

To: The shareholders of APB Resources Berhad

Dear Sir/Madam,

PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE TO ENABLE APB TO PURCHASE UP TO TEN PERCENT (10%) OF ITS ISSUED AND PAID-UP SHARE CAPITAL

1. INTRODUCTION

On 13 February 2013, the Board announced the Company's intention to seek a renewal of shareholders' mandate from its shareholders to enable the Company to purchase up to ten percent (10%) of its issued and paid-up share capital at any point of time, pursuant to Section 67A of the Act, Listing Requirements and any prevailing laws, rules, regulations and guidelines issued by the relevant authorities at the time of purchase.

The purpose of this Circular is to provide you with the relevant information on the Proposed Share Buy-Back Renewal and to seek your approval for the ordinary resolution pertaining to the Proposed Share Buy-Back Renewal to be tabled at the forthcoming AGM of the Company. The Notice of the AGM and the Form of Proxy are enclosed in the 2012 annual report.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK RENEWAL AT THE FORTHCOMING AGM OF THE COMPANY.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK RENEWAL

2.1 Quantum

As the authority for the Company to purchase its own shares will expire upon the forthcoming AGM of the Company, the Company wishes to seek a renewal of mandate from its shareholders for the Company to purchase up to ten percent (10%) of its issued and paid-up share capital at any point in time. The purchase of APB's own shares will be carried out through Bursa Securities via stockbroker(s) to be appointed by APB.

As at the LPD, the issued and paid-up share capital of the Company is RM112,875,002 comprising 112,875,002 APB Shares. As an illustration, based on the issued and paid-up share capital of the Company as at the LPD, the maximum number of APB Shares which may be purchased by the Company will not be more than 11,287,500 APB Shares.

As at the LPD, the Company had purchased a total of 2,030,200 APB Shares which are held as treasury shares. Accordingly, the number of shares which are available for further buy-back by the Company is up to 9,257,300 APB Shares, which together with the 2,030,200 treasury shares, represents ten percent (10%) of the issued and paid-up share capital of the Company as at the LPD.

Paragraph 12.10 of the Listing Requirements stipulate that a listed issuer must ensure that the proposed purchase of its own shares is made wholly out of retained profits and/or the share premium account of the listed company.

The maximum amount of funds to be utilised by the Company for the Proposed Share Buy-Back Renewal will not exceed the Company's retained profits and/or share premium. Based on the Company's latest available audited financial statements as at 30 September 2012, the retained profits stood at RM4,714,135 and there is no share premium account as at that date.

2.2 Duration and funding

The shareholders' mandate for the Proposed Share Buy-Back Renewal will be effective upon the passing of the ordinary resolution for the Proposed Share Buy-Back Renewal at the forthcoming AGM until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed at which time it will lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM is required by law to be held; or
- (c) revoked or varied by an ordinary resolution of the shareholders of the Company in general meeting,

whichever occurs first.

Any APB Shares to be bought by APB pursuant to the Proposed Share Buy-Back Renewal will be first funded from internally generated funds and/or funded by external borrowings, if so required. At the moment, the Company does not have any external borrowings for such purpose. In the event that the Company intends to purchase its own shares using external borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the external borrowings and interest expense and that the repayment would not have any material effect on the cash flow of the Company.

The actual amount of internal funds and/or external borrowings to be utilised will depend on, among others, the available internally generated funds, actual number of APB Shares to be purchased and other relevant cost factors at the time of purchase(s).

2.3 Ranking and treatment of the Purchased Shares

Pursuant to Section 67A of the Act, the Directors may deal with the Purchased Shares in either of the following manner:

- (a) cancel the Purchased Shares; or
- (b) retain the Purchased Shares as treasury shares held by the Company; or
- (c) retain part of the Purchased Shares as treasury shares and cancel the remainder.

The Purchased Shares held as treasury shares may be distributed to the shareholders of APB as share dividends, resold on Bursa Securities in accordance with the relevant rules of Bursa Securities, subsequently cancelled or any combination of the three. The Company may have the opportunity to realise capital gains if these shares, held as treasury shares, are resold on Bursa Securities at a price higher than the purchase price. The decision whether to retain the Purchased Shares as treasury shares, or to cancel the APB Shares purchased or a combination of both, will be made by the Board at the appropriate time.

In the event that the Purchased Shares are held as treasury shares, the rights attached to these shares in relation to voting, dividends and participation in any other distribution or otherwise are suspended. The treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

2.4 Pricing

Pursuant to Paragraph 12.17 of the Listing Requirements, APB may only purchase its own shares at a price which is not more than fifteen percent (15%) above the VWAP of the APB Shares for the five (5) Market Days immediately preceding the date of the purchase(s).

In the case of a resale of treasury shares, if any, the Company may resell the treasury shares on the Bursa Securities at:

- (a) a price which is not less than the VWAP for the APB Shares for the five (5) Market Days immediately prior to the resale; or
- (b) a discounted price of not more than five percent (5%) to the VWAP for the APB Shares for the five (5) Market Days immediately prior to the resale provided that:
 - (i) the resale takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the APB Shares being resold.

As at the LPD, the public shareholding spread of APB stood at 49,859,505 APB Shares representing 44.98% in the hands of 2,195 public shareholders holding not less than 100 APB Shares each. The public shareholding spread of APB will reduce as a result of the Proposed Share Buy-Back Renewal, assuming all purchased APB Shares are purchased from the market from public shareholders, as follows:

	⁽¹⁾ Before the Proposed Share Buy-Back Renewal	After the Proposed Share Buy-Back Renewal
Public shareholders' shareholdings	44.98%	39.97%

Note:

(1) Excluding treasury shares of 2,030,200.

Pursuant to Paragraph 12.14 of the Listing Requirements, APB must not purchase its own shares on Bursa Securities if that purchase(s) will result in the Company being in breach of the 25% public shareholding spread.

In view of the above, APB will take necessary measures to ensure that the aforesaid public shareholding spread is met and maintained at all times (including, among others, only purchasing such number of APB Shares under the Proposed Share Buy-Back Renewal to maintain at least 25% public shareholding spread).

2.5 Implication of the Code

The Proposed Share Buy-Back Renewal may result in the substantial shareholder(s) and/or parties acting-in-concert with it triggering an obligation for a mandatory take-over offer under the Code. Based on the current shareholdings as at the LPD, Ikram Pintas by itself holds 30,876,000 APB Shares representing 27.86% of the issued and paid-up share capital of APB. Further, Ikram Pintas, together with its parties acting-in-concert (namely Yap Kow @ Yap Kim Fah, Tan Teng Khuan, Lim Hong Liang, Yap Kau @ Yap Yeow Ho, Yap Swee Sang, Yap Puhui Lin, TTS Resources and Rare Prestige Sdn Bhd) collectively own 60,909,483 APB Shares representing 54.95% of the issued and paid-up share capital of APB.

In view of the above, Ikram Pintas, either by itself or together with its parties acting-in-concert, will be required to make a mandatory take-over offer should APB purchases its own shares pursuant to the Proposed Share Buy-Back Renewal such that Ikram Pintas and its parties acting-in-concert increases their total shareholdings in APB by more than two percent (2%) in a six (6) month period unless an exemption under Paragraph 24.1 of Practice Note 9 of the Code has been granted beforehand by the SC.

In the event the Company purchases its own shares which would result in the substantial shareholders and/or its parties acting-in-concert triggering a mandatory take-over offer obligation under the Code, approval would be sought from the SC for an exemption under Paragraph 24.1 of Practice Note 9 of the Code before the purchases are made.

2.6 Potential advantages and disadvantages of the Proposed Share Buy-Back Renewal

The potential advantages of the Proposed Share Buy-Back Renewal to the Company and its shareholders are:

- (a) if the purchased APB Shares are cancelled, the EPS of APB Group will be enhanced and shareholders are likely to enjoy an increase in the value of their investment in the Company;
- (b) the Company's share capital base will be reduced pursuant to the Proposed Share Buy-Back Renewal, which may increase the likelihood of a higher dividend rate being declared in the future; and
- (c) if the purchased APB Shares are retained as treasury shares, it will provide the Board with an option to sell the purchased APB Shares at a higher price and therefore make an exceptional gain for the Company. Alternatively, the purchased APB Shares can be distributed as share dividends to shareholders and provide a reward to the shareholders of the Company.

The potential disadvantages of the Proposed Share Buy-Back Renewal to the Company and its shareholders are:

- (a) as the Proposed Share Buy-Back Renewal can only be made out of retained profits and the share premium reserves, it may reduce the financial resources available for distribution to the shareholders of the Company in the foreseeable future;
- (b) resultant opportunity costs for the Company as better investment opportunities may be foregone in the future with the reduction in financial resources of APB Group available upon implementation of the Proposed Share Buy-Back Renewal; and
- (c) deprive the Group of interest income that can be derived from the funds utilised for the Proposed Share Buy-Back Renewal. Further, if the Proposed Share Buy-Back Renewal is financed via bank borrowings, the Group shall have to service interest obligations.

The Proposed Share Buy-Back Renewal, however, is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be exercised only after in-depth consideration of the financial resources of APB which need to be balanced against investment opportunities and other proposals that can enhance value for its shareholders. The Board in exercising any decision on the Proposed Share Buy-Back Renewal will be mindful of the interest of the Company and of its shareholders.

2.7 Purchase of APB Shares and resale of treasury shares made in the previous twelve (12) months

As at the LPD, the Company holds 2,030,200 APB Shares as treasury shares. The Company has not purchased any APB Shares over the past twelve (12) months preceding the LPD. In addition, the Company has not resold, cancelled and/or distributed any treasury shares as dividends in the past twelve (12) months preceding the date of this Circular.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK RENEWAL

The Proposed Share Buy-Back Renewal would enable the Company to purchase its own shares from the open market to capitalise on market inefficiencies and to act in the best interest of the Company. The Proposed Share Buy-Back Renewal, if implemented, may stabilise the supply and demand of APB Shares, which may subsequently have a favourable effect on the market price for APB Shares.

Any shares purchased under the Proposed Share Buy-Back Renewal, whether to be held as treasury shares or subsequently cancelled, will effectively reduce the number of APB Shares carrying voting and participation rights. Therefore, the shareholders of the Company may enjoy an increase in the value of their investment in APB due to the increase in its EPS.

The purchased APB Shares could be held as treasury shares and resold on Bursa Securities at a higher price with the intention of realising potential gain without affecting the total issued and paid-up share capital of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

The Proposed Share Buy-Back Renewal is not expected to have any potential material disadvantage to the Company and its shareholders, and it will only be exercised after due consideration of the financial resources of the APB Group and any resultant impact on the shareholders of the Company. The Board, in exercising any decision to buy-back any APB Shares, will be mindful of the interests of the Company and its shareholders.

4. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK RENEWAL

The financial effects of the Proposed Share Buy-Back Renewal shown below are based on the assumption that APB will have adequate retained earnings and/or share premium account to undertake the Proposed Share Buy-Back Renewal up to the maximum of ten percent (10%) of its issued and paid-up share capital. The actual quantum of shares purchased under the Proposed Share Buy-Back Renewal may be limited to the availability of the above-mentioned reserves.

The proforma effects of the Proposed Share Buy-Back Renewal (assuming no resale or distribution of 2,030,200 treasury share) are set out below:

4.1 Share capital

The Proposed Share Buy-Back Renewal will have no effect on the issued and paid-up capital of APB if the purchased APB Shares are retained in full as treasury shares, resold or distributed as dividends to shareholders.

However, in the event the purchased APB Shares are cancelled, the issued and paid-up share capital will decrease by the number of shares cancelled. For illustrative purposes only, assuming that the maximum number of APB Shares are purchased and cancelled under the Proposed Share Buy-Back Renewal, the effect on the issued and paid-up share capital of the Company is set out below.

The actual quantum of shares purchased under the Proposed Share Buy-Back Renewal may be limited to the availability of the retained earnings and/or share premium account of APB.

Scenario	No. of APB Shares
Issued and paid-up share capital as at the LPD	112,875,002
Less : Treasury shares ⁽¹⁾	(2,030,200)
Less : Maximum number of shares able to be purchased pursuant to the Proposed Share Buy-Back Renewal ⁽¹⁾	110,844,802 ⁽²⁾ (9,257,300)
Resultant issued and paid-up share capital	101,587,502

Notes:

- (1) Assuming cancellation of all the APB Shares purchased and treasury shares held by the Company.
- (2) Ten percent (10%) of the issued and paid-up share capital of APB as at the LPD less treasury shares of 2,030,200.

4.2 NA

The effect of the Proposed Share Buy-Back Renewal on the NA per Share of the Group will depend on the number of APB Shares purchased, the purchase price(s) of the APB Shares, the effective cost of funding and the treatment of the APB Shares purchased.

If all the Purchased Shares are cancelled, the Proposed Share Buy-Back Renewal will reduce the NA per Share if the purchase price per Purchased Share exceeds the NA per Share at the relevant point in time, and vice versa.

4.3 Gearing

The Proposed Share Buy-Back Renewal is not expected to have any material effect on the Company's gearing.

4.4 Working capital

The Proposed Share Buy-Back Renewal will reduce funds available for working capital purposes of the Company, the quantum of which depends on the purchase price(s) of the APB Shares, the actual number of purchased APB Shares and any associated costs incurred in making the purchase.

4.5 Earnings and EPS

The effects of the Proposed Share Buy-Back Renewal on the earnings and EPS of the APB Group will depend on the purchase price(s) of the APB Shares, the number of APB Shares purchased and the effective funding cost of APB Group. The effective reduction in the issued and paid-up share capital of the Company pursuant to the Proposed Share Buy-Back Renewal will, generally, all else being equal, have a positive impact on the consolidated EPS of the Company.

4.6 Dividend

Barring any unforeseen circumstances, the Proposed Share Buy-Back Renewal is not expected to have any effect on the Group's dividend policy. The decision to declare and pay dividends in the future would depend on the performance, cash flow position and financing requirements of the APB Group. The Board may also have the option to distribute future dividends in the form of the treasury shares purchased pursuant to the Proposed Share Buy-Back Renewal.

4.7 Directors' and substantial shareholders' shareholding

The effects on the Directors' and substantial shareholders' shareholding based on the Company's Register of Directors and Register of Substantial Shareholders as at the LPD (assuming no resale or distribution of 2,030,200 treasury share) are as follows:
